

Welcome to the payment/donation options:

If you are reading this, then we know you are interested to donating to Sustainability Leadership Kosova. Unfortunately, Kosovo is still ‘unrecognized’ country for many institutions especially in the finance sector. Thus, setting up a ‘donate’ button which allows a straightforward donation is not possible as we have discovered. Even setting up a PayPal account isn’t simple – there is no option to choose Kosovo in their drop-down menu.

So, we kindly request to be patient with this and use the following details to donate through a direct transfer:
